

Summer is the right period for people of different horizons to meet and to discover old or new images in stimulating places. This issue features:

- The 2017 International Stereoscopic Union (ISU) world congress (the 21st) which took place in Irvine, California,
- The 10th annual meeting of DocAsie at MuCEM, in Marseille, France,
- The pictures and videos presented at our first fall meeting in Paris, France.
