

Dear Friends, dear Members,

We are back to work : the Paris chapter will resume its activities with the first wednesday meeting on September 11; the French-Swiss chapter will meet on September 21 in la Vogue de Satigny and the New Aquitaine regional chapter in Blanquefort on the 29th. Three opportunities for each of us to show some of his or her summer best shots.

Actually, the club activities never stopped. Several members went to the ISU congress in Lübeck. They should report shortly on what they saw, heard and found the most exciting.

The committee on the club glossary debated throughout July and August. J.-Yves Gresser will start amending it within the next few weeks : there will be more updates and additions than deletions ; the index will be revamped as the format of each entry. This should be presented in the October issue.

François Lagarde received many proposals for the club anthology (Florilège) and is actually expecting more. A group of experts will have to choose a few hundred views among a total of 1000 or 2000 ! And we still hope to edit this anthology before the end of the year. In parallel, we are thinking about new ways to promote the whole lot.

On the agenda of our September 18 board meeting, 3 creations will be debated : a virtual media library, a “travel and heritage” group, a “digitisation” group. If you would like to contribute to these new activities, please do not hesitate to contact me at patrick.demaret.92@gmail.com or 06 11 15 38 25.

Your dedicated chairman

Patrick Demaret
