

Editorial - Return to the Real World!

Sanitary conditions are improving. We will, at last, be able to meet again in the real world: the French Stéréo-Club will resume its physical meetings. This will give us the opportunity to discover the new meeting room, where the Lorem is now hosting us in Montparnasse. 23 allée de la 2e Division Blindée – Paris 15th arrondissement.

These premises are part of the Montparnasse animation centre (Centre Paris Anim 'Montparnasse). It overlooks the Atlantic Garden, which is located above the tracks of the Montparnasse train station. Access is from the inside of the station, to the left of the first track. The room is larger than the one on rue des Mariniers, it will host our monthly screening sessions.

François Lagarde will be the first to start on Wednesday, June 23, 2021 at 7 p.m. Please do not hesitate to send him your contributions at françois.lagarde1@orange.fr or to bring them on the same day, whether you are an old timer or a beginner.

We will also hold there our general assembly meeting on Wednesday June 16, 2021 at 6 p.m. A virtual meeting and mail ballot had been initially scheduled on May 29. Voting by mail is still be possible. Members should already have received the appropriate reports and the voting material. You will find more information on these two meetings in the Agenda section of this Letter.

The French Stereo-Club will also participate in the 3D Maurice Bonnet Festival, taking place on July 10 and 11, 2021 in Gaillac, Tarn, a place well known to wine tasters. The festival program includes:

- ! a photo & movie fair.
- ! an exhibition of 3D media, in particular lenticular pictures by Maurice Bonnet, already shown in Paris and Moscow,
- ! screening sessions of 3D fixed images and videos,
- ! documentaries on the making of lenticular pictures, and
- the opportunity to taste Gaillac wines during the reception event!

Admission is free. SCF members can get a VIP Pass to skip the entry line to screening sessions, whatever the sanitary conditions. Please contact me to get your pass: one per member and one or two for accompanying persons. Please also let me know if you would like to participate in the animation of our booth. We need your presence and actual support!

You will find more information on the festival website: www.regard-3d.com. I advise you to book your accommodation as early as possible. I am looking forward to meet you in Gaillac to celebrate our return to the real world.

Do not miss this opportunity to meet again "physically".

Patrick Demaret
Chairman of the SCF
